

Girls Ministries

Ministry Opportunity

“Providing an environment for girls to develop their gifts and abilities”

Coordinators/Sponsors:

During the services, we will be giving the girls an opportunity to develop their gifts through song or human video. The song or Human Video should be something that is considered worshipful and will bring us into the Lord's presence. Please, use your discretion and oversight of their choices.

This will be a great time for the girls who are willing to participate. You will need to choose one song or Human video from your church to participate in this. You may choose a backup in case the first choice can not do so but please know that they may not be able to present their ministry due to time. We have very limited time for this. It is most important for them to get their information to me by the pre-registration date in order to participate. If we have more than we have time for we may try to give some of them the opportunity to minister in the evening after the late activities.

Also, if you have a young lady who would like to give a personal testimony, have her write it out and get it to me. This is something that I would like to do, perhaps a couple in each service.

The following guidelines should be followed for those who want to participate:

- Each girl/group must provide their props or music soundtracks.
- Limit each song/skit to 3-5 minutes.
- Complete the following form and return it with your registration.
- The sponsor's signature is required indicating the talent being shared will be appropriate for the church service.
